

Dear Parents/Carers,

In order to ease the transition from a junior school to a secondary school, some lessons have been arranged at Outwood Academy Brumby (the comprehensive school) for the Year 6 children to participate in.

Links with Outwood Academy Brumby have been formed and will provide an opportunity for children to work with resources and equipment that will further enhance their learning.

This letter is to inform you that the first lessons which have been organised are science based and will take place in the afternoons on the following dates:

Friday 10th November for 6EJ

Friday 17th November for 6LP

Friday 24th November for 6MF

Friday 1st December for 6MS

There will be further curriculum experiences for the children in the near future, which you will receive information about in due course.

As mentioned, this letter is for your information only, so no action is required from you.

Yours sincerely,
K. Hargraves
Transition Lead
